

Criterion 6- Governance, Leadership and Management

6.1 Institutional Vision and Leadership

6.1.1 The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the institution

Mount Zion College of Engineering and Technology was inaugurated in the year 2001. It is run by Mount Zion Christian Educational Trust. This trust was formed in 1988 with the sole aim of providing education in the educationally backward district of Pudukkottai. The college since its inception has grown in leaps and bounds and is currently one of the best in the region. It strives to make all those who pass through its portals into innovative, hardworking engineers who will be of use to their places of work and to the society at large. Though young, the college has great plans for the future and the management is determined to transform Mount Zion into one of the best engineering institutions in the world.

Vision

Mount Zion college of engineering and technology is the preferred choice of all those who aspire for excellence.

Mission

- Transform engineering knowledge with congruence of real time problems and social needs.
- Promote modern approach among students for upgrading engineering trends.
- Focus on students 'centric learning.
- Strengthen industry institution interaction and improve research activities.
- Produce proactive, innovative, technically strong and highly employable engineers.
- Initiate a desire to offer selfless service to humanity.

Quality Policy

To be the leading institution in providing engineering education and create a platform for students to enhance their technical skills, provide opportunity for carrier, research and development.
