VISION

To be the preferred choice of students who aspire to become Engineers of the highest calibre.

MISSION

- Provide world-class physical and digital infrastructure and learning environment.
- Develop the competencies of students to make them job-ready and entrepreneurs.
- Facilitate mental, physical, emotional and spiritual development of students and ensure their holistic development.
- Preserve the environment through the implementation of eco-friendly and sustainable practices.
- Serve the community through skill development and other need-based services.
- Establish sustainable partnerships with industries and R&D laboratories for mutual benefit.

ABOUT US

Mount Zion College of Engineering and Technology, Pudukkottai, was established in 2001. The institution is approved by the All India Council for Technical Education (AICTE) and affiliated with Anna University, Chennai. The institution was granted autonomous status. The institution offers seven undergraduate programmes: Artificial Intelligence and Data Science, Civil Engineering, Computer Science and Engineering, Information Technology, Electrical and Electronics Engineering, Electronics and Communication Engineering, and Mechanical Engineering. It also offers three postgraduate programmes: Computer Science and Engineering, Communication Systems, and Master of Business Administration (MBA). The B.E. programmes in CSE, ECE, and EEE are accredited by the National Board of Accreditation (NBA). In addition, the institution has been accredited with an A+ Grade by the National Assessment and Accreditation Council (NAAC), with a CGPA of 3.35. This year, the institution proudly celebrates its Silver Jubilee, marking 25 years of dedicated service to society and commitment to quality education.

FOUNDER CHAIRMAN

Sri JAYABARATHAN CHELLIAH, M.A. (U.S.A), B.Ed.,

Sri Jayabarathan Chelliah was the Founder-Chairman of Mount Zion Christian Education Trust. Under his able leadership, the first school, which began in 1988, grew into many institutions. He held a Bachelor's Degree in Science from Alagappa University, Karaikudi, Tamil Nadu, and a Bachelor's Degree in Education from Calicut University, Kerala. He graduated with a Master's Degree in Educational Administration from the prestigious Loma Linda University, California, U.S.A., in June 1978. He was also an honored alumnus of Loma Linda University. Additionally, he received the Dr. Radhakrishnan (Nallasiriyar) Award from the Government of Tamil Nadu. The institutions he initiated will continue to strive to reach the lofty ideals he envisioned.

CHAIRPERSON

Mrs. FLORENCE JAYABARATHAN CHELLIAH, M.A., B.Ed.,

Mrs. Florence Jayabarathan is the Chairperson of Mount Zion College of Engineering and Technology, Pudukkottai. Along with Sri. Jayabarathan Chelliah, she co-founded the Mount Zion Institutions in Pudukkottai District. With over 50 years of dedicated teaching experience, she motivates both teachers and students to perform to their fullest potential.

From the Desk of Director

Dr. JAYSON KEERTHY JAYABARATHAN, M.Tech., Ph.D.,

By the grace of God, the college has grown from strength to strength this year as well. In addition to the many programmes conducted regularly, the college has received a significant facelift. I would like to thank all the students who pitched in and devoted their time and energy to beautifying the campus. Let us resolve this year to make our surroundings more beautiful. Money is not always required to enhance our environment; a sincere attitude and collective effort can make a big difference.

The attitude of many modern businesses toward the environment can be summed up by the following quote: "If people destroy something replaceable made by mankind, they are called vandals; if they destroy something irreplaceable made by God, they are called developers." Let us not be selfish engineers, but strive to protect the Earth for future generations. Let us keep our home—planet Earth—beautiful.

I would like to commend the editorial team for their hard work and dedication. Their efforts have resulted in the publication of this beautiful newsletter. I pray that God will continue to shower His blessings on this institution, and may it continue to grow and serve both society and the nation as a whole.

From the Desk of Principal

Dr. P. BALAMURUGAN M.E., Ph.D.,

It is a great pleasure to pen a few lines in Pinnacle 2026, a beautiful presentation of the activities of Mount Zion. The college has grown by leaps and bounds over the past year, and this remarkable progress is evident as we reflect on the various initiatives undertaken throughout the year.

Many parents have chosen Mount Zion for their children's education, as this reputed institution imparts quality education and self-discipline. These hallmarks of Mount Zion play a vital role in shaping individuals into well-rounded human beings.

New avenues are being explored, and Mount Zion is looking forward to signing MoUs with reputed companies and institutions, initiating many meaningful and symbiotic projects.

As Mount Zion College of Engineering and Technology marches into a new academic year, it may grow from strength to strength and add many more feathers to its cap. I congratulate the team for their dedicated efforts to bring out this beautiful newsletter.

From the Desk of Academic Coordinator

Prof. VIVIAN JAYSON, B.E., M.E.,

It gives me immense pleasure to share a few thoughts in Pinnacle 2026, a reflection of the vibrant academic and co-curricular life at Mount Zion College of Engineering and Technology, Pudukkottai.

The past academic year has been both dynamic and rewarding. We have witnessed commendable progress in teaching and learning, research activities, and student achievements. The consistent commitment of our faculty and the enthusiastic participation of our students have significantly contributed to this growth.

Academic excellence remains at the core of our institution's vision. With continuous curriculum enhancement, skill-based training programmes, and industry interaction, we aim to equip our students with the knowledge and competence required to excel in a competitive world.

I encourage all students to make the best use of the resources and support systems available at Mount Zion. Your journey here is the foundation for your future—make it count with commitment, curiosity, and a spirit of integrity. I take this opportunity to congratulate the Editorial Board for capturing the essence of our college in this beautifully crafted newsletter. May Mount Zion continue to scale new heights in academic and holistic excellence.

PONGAL CELEBRATION

The college joyfully celebrated the Pongal festival on January 13, 2026, with great enthusiasm and cultural spirit. Students and faculty members prepared traditional Pongal in clay pots amidst colourful kolam designs, sugarcane decorations, and floral rangolis, creating a vibrant festive atmosphere across the campus. The celebration concluded with a community feast featuring sweet Pongal and traditional delicacies, strengthening unity and cultural harmony. Students learned the significance of Tamil heritage, teamwork, and the importance of preserving traditional values while fostering a sense of belonging and mutual respect.

REPUBLIC DAY FLAG HOISTING

The spirit of patriotism filled the campus as we celebrated Republic Day on January 26, 2026. The programme began with the National Flag hoisting, followed by the National Anthem and patriotic addresses that highlighted constitutional values, national unity, and responsible citizenship. Faculty members and students actively participated in the celebration, reaffirming their commitment to the nation's progress. The event strengthened students' understanding of democratic values, civic responsibility, and the role of engineers in nation-building.

BLOOD DONATION CAMP

In association with Pudukkottai Central Rotary Club, a successful Mega Blood Donation Camp was organized on March 4, 2026. The camp aimed to promote the importance of blood donation and encourage students and staff to contribute to saving lives. The event witnessed enthusiastic participation from students and staff, reflecting their commitment to social responsibility and community welfare.
The programme created awareness about the vital role of voluntary blood donation in meeting emergency and medical requirements.

INAUGURATION OF THE OFFICE OF CONTROLLER OF EXAMINATIONS

The institution marked a significant milestone in its academic journey with the grand inauguration of the Office of the Controller of Examinations on March 4, 2026. This initiative reflects the institution's continuous efforts to enhance the efficiency and integrity of its academic administration and examination processes. The office was formally inaugurated by Mrs. Florence Jayabarathan, Chairperson of Mount Zion Educational Institutions.

INAUGURATION OF THE AICTE – IDEA LAB

A new chapter of innovation began with the inauguration of the AICTE IDEA Lab on March 4, 2026. The facility was established to promote creativity, product development, and hands-on learning among students and faculty. The inauguration encouraged interdisciplinary collaboration and inspired students to transform innovative ideas into practical solutions. Students gained awareness of design thinking, prototyping, innovation, and entrepreneurship through this initiative.

RAMADAN IFTAR CELEBRATION

Students, faculty members, and staff came together to celebrate the Ramadan Iftar on March 16, 2026, in an atmosphere of harmony and mutual respect. The gathering reflected the values of compassion, gratitude, sharing, and cultural inclusiveness as participants joined to break the fast together. The celebration strengthened interpersonal relationships and promoted communal harmony. Students learned the importance of respecting cultural diversity, empathy, and social unity.

CAMPUS FIESTA

Campus Fiesta 2026 brought together students from various departments between February 23 and 27, 2026, through a series of technical and creative competitions. Events such as Decode It, Mind Maze, Vision to Version, and Debug the Brain encouraged logical reasoning, innovation, teamwork, and problem-solving. The activities provided an excellent platform for students to showcase their talents and apply classroom knowledge in competitive environments. Participants enhanced their analytical thinking, creativity, communication, and collaborative skills while gaining confidence through experiential learning.

TOPPERS' LUNCH

Outstanding academic achievers of the Nov/Dec. 2025 University Examinations were honoured during the Toppers' Lunch held on March 27, 2026. The management and faculty appreciated the dedication, perseverance, and consistent efforts of the toppers and encouraged them to continue striving for excellence. The interaction motivated other students to set higher academic goals and develop disciplined learning habits. The programme reinforced the institution's commitment to recognising merit and fostering a culture of academic excellence.

STUDENT PARTICIPATION

S. No.	Name of the Student	Year / Programme	Name of the Event	Prize / Achievement
1	B. Sushmitaa	III/AI & DS	Paper Presentation – NEXORA'26 Symposium, Sudharsan Engineering College, Pudukkottai.	Participated
2	B. Sushmitaa	III/AI & DS	Technical Quiz – NEXORA'26 Symposium, Sudharsan Engineering College, Pudukkottai.	Participated
3	R. Balaji	II/AI & DS	Paper Presentation – NEXORA'26 Symposium, Sudharsan Engineering College, Pudukkottai.	Participated
4	P. Seethalakshmi	III/Civil	Paper Presentation – Symposium, Sudharsan Engineering College, Pudukkottai.	**First Prize**
5	K. Yuvasri	III/Civil	Paper Presentation – Symposium, Sudharsan Engineering College, Pudukkottai.	**First Prize**
6	P. Seethalakshmi	III/Civil	Technical Quiz – Symposium, Sudharsan Engineering College, Pudukkottai.	**First Prize**
7	K. Yuvasri	III/Civil	Technical Quiz – Symposium, Sudharsan Engineering College, Pudukkottai.	**First Prize**
8	R. Varsha	III/Civil	Paper Presentation – Symposium, Sudharsan Engineering College, Pudukkottai.	Participated
9	A. Safreena Thajirin	III/Civil	Paper Presentation – Symposium, Sudharsan Engineering College, Pudukkottai.	Participated

A SEMINAR ON INDIGENOUS AI MODELS FOR CYBER THREAT DETECTION

The Department of Artificial Intelligence and Data Science organized a seminar on "Indigenous AI Models for Cyber Threat Detection" on February 6, 2026. Mr. R. Thamarai Selvam, Cyber Security Analyst, Hackyde Limited, Birmingham, United Kingdom, served as the resource person and provided valuable insights into the growing role of Artificial Intelligence in strengthening cybersecurity. He explained how AI and machine learning techniques can be used to identify, analyze, monitor, and prevent various cyber threats such as malware, phishing attacks, suspicious network activities, data breaches, and unauthorized access. He emphasized the importance of developing indigenous AI solutions to address region-specific cybersecurity requirements, enhance data security, and reduce dependence on foreign technologies. The session covered AI-based threat detection, anomaly identification, real-time security monitoring, automated response mechanisms, and emerging trends in AI-driven cybersecurity. The speaker also highlighted the significance of data privacy, secure digital infrastructure, responsible use of AI, and continuous monitoring in protecting organizations from evolving cyberattacks. Students gained a better understanding of the practical applications of AI in cybersecurity and learned how intelligent systems can support early threat detection and effective security management. The interactive session also encouraged students to explore research opportunities and emerging career prospects in the fields of Artificial Intelligence, Data Science, and Cybersecurity, thereby enhancing their awareness of the need for innovative and secure digital solutions.

WORKSHOP ON REINFORCED CONCRETE ROOF SLAB CONSTRUCTION

On February 19, 2026, the Department of Civil Engineering conducted a workshop on Reinforced Concrete Roof Slab Construction. The resource persons demonstrated formwork preparation, reinforcement placement, concrete mixing, pouring, compaction, and curing techniques used in roof slab construction. They also explained the quality and safety practices followed at construction sites. Students gained practical knowledge of roof slab construction and understood the standard procedures followed in civil engineering projects.

NATIONAL SCIENCE DAY

National Science Day was celebrated through a Paper Presentation on February 23, 2026. Civil Engineering students presented their innovative ideas and research findings on various topics related to civil engineering. Faculty members encouraged students to share their technical knowledge and presentation skills. The event improved students' confidence, presentation skills, research ability, and technical knowledge.

ALUMNI EXPERT SESSION ON BUILDING INFORMATION MODELLING

The Department of Civil Engineering organized an Alumni Expert Session on Building Information Modelling (BIM) on February 25, 2026.
Mr. A. Srinivasan, BIM Process Manager, shared his professional experience and explained the applications of BIM in planning, designing, and managing construction projects. He also discussed career opportunities in the construction industry. Students learned the practical applications of BIM and understood its importance in modern construction and project management.

SUMMARY SESSION: PRACTICAL RELEVANCE OF THEORETICAL KNOWLEDGE

On February 25, 2026, the Department of Civil Engineering conducted a Summary Session on the Practical Relevance of Theoretical Knowledge. Dr. S. Marisamynathan, Assistant Professor and Associate Dean (Faculty Welfare), NIT Tiruchirappalli, reviewed the important concepts covered in earlier seminars and explained their practical applications in civil engineering. Students strengthened their understanding of engineering concepts and learned how to apply theoretical knowledge in real-life engineering projects.

A SEMINAR ON GENERATIVE AI

The Department of Computer Science and Engineering organized a seminar on Generative AI on February 11, 2026. Dr. S. Saroja, Professor, Department of Information Technology, NIT Tiruchirappalli, explained the fundamentals of neural networks, deep learning, Generative Adversarial Networks (GANs), and transformers. She also demonstrated how generative AI is used in text generation, image synthesis, code generation, and content creation across various industries. Students learned the latest developments in generative AI and explored its practical applications in solving real-world problems.

INDUSTRIAL NEEDS TO STARTUP SELECTION: AN ENTREPRENEURIAL GUIDE

On February 24, 2026, the Department of Computer Science and Engineering conducted a seminar on Industrial Needs to Startup Selection: An Entrepreneurial Guide. Mr. R. Arunmozhivarman from Varman Consulting Labs, Chennai, explained how industrial problems can be transformed into innovative startup ideas. He discussed problem identification, market research, product development, and entrepreneurship. Students learned the process of developing startup ideas, understanding industry requirements, and building innovative business solutions.

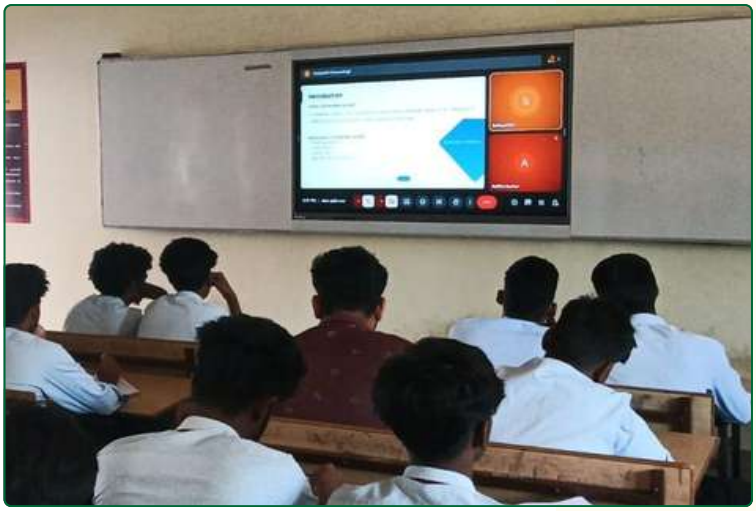

NATIONAL SCIENCE DAY CELEBRATIONS

Marking the significance of scientific discoveries and innovation, National Science Day was celebrated on February 27, 2026, with a series of engaging technical events organized by the Department of Electronics and Communication Engineering. The programme provided an excellent platform for students to showcase their technical knowledge, creativity, research interests, and innovative ideas. Students actively participated in the Project Expo, Paper Presentation, and Web Page Design competitions, presenting their projects, technical concepts, and creative solutions to various real-world challenges. The Project Expo encouraged students to transform their theoretical knowledge into practical applications, while the Paper Presentation provided an opportunity to explore recent developments, emerging technologies, and innovative research ideas. The web page design competition enabled students to demonstrate their creativity, programming skills, user-interface design abilities, and understanding of modern web technologies. The events also promoted healthy competition, teamwork, critical thinking, and effective communication among the participants. Faculty members interacted with the students, appreciated their innovative efforts, and provided valuable suggestions for further improvement and exploration of emerging technologies. Through these activities, students enhanced their technical knowledge, research and analytical abilities, presentation skills, problem-solving skills, creativity, teamwork, and self-confidence.

WEBINAR REPORT: DESIGNING INTELLIGENT DEVICES WITH EMBEDDED SYSTEMS

On March 27, 2026, the Department of Electrical and Electronics Engineering organized a webinar on Designing Intelligent Devices with Embedded Systems using MQTT, CAN FD, and BLE 5.0.
Mr. K. Sathiyan, Specialist, Bosch Engineering and Business Solutions, Coimbatore, explained the design of modern embedded systems and the applications of MQTT, CAN FD, and BLE 5.0 in IoT devices, automotive systems, and industrial automation. Students learned about embedded communication protocols and their applications in developing intelligent and connected devices.

PROJECT EXPO

Project Expo was organized by the Department of Electrical and Electronics Engineering on March 30, 2026. Students presented innovative projects that demonstrated their technical knowledge, creativity, and problem-solving abilities. Faculty members evaluated the projects and recognized the best exhibits with prizes. The expo provided students with an opportunity to explain their ideas and interact with faculty and fellow students. Students enhanced their project development, presentation, teamwork, and communication skills through the event.

NEW EMPLOYEE ONBOARDING WORKSHOP

The Internal Quality Assurance Cell (IQAC) organized a New Employee Onboarding Workshop on February 6, 2026.
IQAC Coordinator, introduced the institution's policies, academic practices, and quality assurance processes to the newly recruited faculty members. She explained teaching methodologies, e-governance tools, NAAC requirements, student-centric initiatives, and the role of IQAC in maintaining academic quality. The interactive session also highlighted faculty development activities and feedback mechanisms followed by the institution. The programme helped the new faculty and staff understand the institution's academic standards, quality practices, and professional responsibilities.

CAMPUS RECRUITMENT DRIVE

The Placement Cell organized a campus recruitment drive by Vintorix Private Limited, Chennai, on February 12, 2026, for final-year students. The recruitment process began with a pre-placement talk, followed by an aptitude test, technical interview, and HR interview. Company representatives explained the organization's work culture, job roles, and career opportunities. Students from various departments actively participated and demonstrated their technical knowledge, problem-solving ability, and communication skills. The drive provided students with industry exposure and valuable employment opportunities in software development and related domains.

CAMPUS RECRUITMENT DRIVE

On March 6, 2026, the Placement Cell coordinated a campus recruitment drive by KYB Motorcycle Suspension India Pvt. Ltd., Chennai, for students from the Civil, EEE, and ECE departments. The selection process included a written test, a group discussion, and a personal interview, all focusing on technical knowledge and practical skills. Students actively participated throughout the recruitment process and appreciated the interaction with industry professionals. The drive enhanced students' understanding of recruitment procedures and career opportunities in the automotive industry.

CAMPUS RECRUITMENT DRIVE

Softsquare Solutions, Chennai, conducted a campus recruitment drive on March 13, 2026, in collaboration with the Placement Cell. Students from the CSE and ECE departments participated in an online aptitude test, followed by technical and HR interviews. Company representatives explained the available job roles, career growth opportunities, and expectations from fresh graduates. Students actively participated and showcased their technical and communication skills. The drive strengthened students' placement readiness and provided exposure to the software recruitment process.

FOREIGN LANGUAGE TRAINING PROGRAMME

From February 23 to 27, 2026, the Training and Placement Cell organized a Foreign Language Training Programme in German and Japanese for first-year students of all branches. Trainers from Heutagogy Experts, Salem, introduced basic grammar, vocabulary, pronunciation, and conversational skills through interactive sessions and practical activities. Students actively participated throughout the five-day programme and showed great enthusiasm in learning the new languages. The programme improved students' communication skills and prepared them for global careers and higher education opportunities.

BUG HUNT – C EDITION

The Computer Society of India (CSI) organized Bug Hunt: C Edition - coding contest on February 18, 2026, for first-year CSE students. A total of 34 students participated in the contest, which was conducted through the HackerRank platform. Participants identified and corrected syntax and logical errors in C programs within the allotted time. The contest included challenges on syntax correction, logical analysis, output validation, and code optimization, with a live leaderboard that encouraged healthy competition. Students improved their debugging skills, logical thinking, problem-solving ability, and confidence in C programming while learning to identify and correct common coding errors.

GRAM SABHA MEETINGS

On January 26, 2026, faculty members of Mount Zion College of Engineering and Technology, Pudukkottai, participated in Gram Sabha Meetings held in nearby villages under the Unnat Bharat Abhiyan (UBA), NCC, and NSS initiatives. Faculty members attended the meetings at Arasampatti, Pilivalam, Melur, Lembalakudi, and Elanjavur villages and discussed issues related to rural development, sanitation, education, and infrastructure. The programme strengthened the relationship between the institution and the adopted villages while encouraging community participation. The initiative promoted social responsibility, rural development, and awareness of grassroots governance among faculty members and student volunteers.

INTERNATIONAL WOMEN'S DAY CELEBRATION

International Women's Day was celebrated on March 6, 2026, with the theme Empowering Women through Support, Sharing, and Growth. Faculty members and students participated enthusiastically in the celebration. The programme included a welcome address, motivational speeches, a presentation highlighting the achievements of women, and an inspiring video on women's contributions to society and innovation. The event concluded with the presentation of awards to outstanding women faculty and students for their academic and innovative achievements. The celebration inspired students to recognise the importance of women's empowerment, leadership, and equal opportunities in education and society.

POSTER PRESENTATION - EMPOWERING YOUTH FOR A DRUG-FREE SOCIETY

The Anti-Drug Club organized a Poster Presentation on Empowering Youth for a Drug-Free Society for first-year students on March 4, 2026. Students created awareness posters highlighting the harmful effects of drug abuse and the importance of leading a healthy lifestyle. The event encouraged students to promote social responsibility and spread awareness among their peers. Faculty members appreciated the creativity and messages conveyed through the posters. Students learned the importance of drug prevention, healthy living, and social responsibility while improving their creative and communication skills.

TRAINING PROGRAMME ON PROFESSIONAL EXCELLENCE AND DIGITAL SKILLS

From March 3 to 5, 2026, the Staff Development Cell organized a three-day training programme on Professional Excellence and Digital Skills for non-teaching staff and support staff. The sessions focused on digital tools, workplace communication, office management, and professional ethics. Participants actively engaged in practical demonstrations and interactive sessions designed to improve workplace efficiency. The programme also highlighted the importance of adapting to digital technologies in higher education institutions. The training enhanced participants' digital competencies, communication skills, and professional efficiency in their daily responsibilities.
