

Procedures and Policies for maintaining and utilizing physical, academic and support facilities - Laboratory, Library, Sports Complex, Computers, Classrooms etc.

The Physical, academic and support facilities are taken care of by a group of committee members from the management. The classrooms are allotted depending on the number of students in a section. The committee takes care of the maintenance of the classrooms. The classrooms are white washed and painted periodically and cleaned daily.

More than 160 CCTV cameras are installed at all common places to ensure their safety aspects. The activities of entire college campus including class rooms can be monitored from the viewing panel available in Principal's room, CAO room & Server room. Our laboratories are well equipped with all necessary instruments/apparatus required for conducting the practical are well maintained by the store keepers and lab assistants. Laboratory experiments are conducted as per the time table in a well-structured manner.

Our computer labs are also well equipped and maintained by full time IT team appointed by the college for ensuring the network connectivity, maintenance of the servers, protection of the systems by installing anti-virus software. The computers and printers are repaired and replaced as and when required.

Our library has a very good collection of academic resources like Books, Periodicals, newspapers, CDs, DVDs, E-resources and Journals. The library management software is used to offer library services to faculty and students in a fitting manner. A CCTV camera has been installed to monitor all those who visit the library. Monitoring the entry and exit of faculty and students is monitored through ID card scanning in the entrance of Library.

One cricket grounds, Football, Hockey, Basketball, Kabaddi and Kho-Kho courts are available to students. Facilities are also available to play indoor games like table tennis and shuttle for which the maintenance are insourced.

An RO plant is installed in the college campus to provide pure drinking water. The mineral water dispenser with hot and cold water is available in the strategic locations. A generator is available to provide uninterrupted power supply. Hostel facilities are available for both girls and boys a few kilometers away from the college premises. The canteen provides good and hygienic food and refreshment (breakfast, snacks, lunch, etc) to the students and staff at nominal cost. Fully functional kitchens with all modern facilities cater to the needs of 200 to 250 students per day.

The greenery of the campus is well maintained by trained gardeners on a daily basis. Permanentelectricians, carpenters and plumbers are appointed. They are available round the clock for any repair and maintenance. Cement benches are placed all around the campus for students to rest during break and lunch hours. Appropriate rubbish bins are fixed at various places to keep the campus clean. Flex-boards, quotes, directions indicating fixtures are fixed at suitable places.

Home guards are employed to maintain discipline and security in the campus. A separate parkingarea is available for students and staff to park their vehicles. Staff quarters are available for our staff members. A sick room is available for girls students to take rest. Proper roads are laid for connectivity within the campus with speed breakers. Rain water harvesting has been done to improve the ground waterlevel.
